FCC:

I am writing to imploir you to not take K-LOVE off the air. In the past three years that I have been listening to this station, I have gained a better understanding of the LOVE of Christ and how my relationship with Him is blessed through many different mediums. This station had made such a positive impact not only in my life, but the life of my seven year old daughter. It is a SAFE place to listen to music. I am sure that each time I turn on the radio, she will not hear foul language and suggestive music. To hear her sing about Christ and the love that God will give us is such a comfort. Its just one more way that my daughter and I learn about and worship God.

Please do not even consider taking this station off the air.

Thank you.

God Bless.

Mari Ed Zimmerman
